

The Weather
Forecast for Ohio: Increasing cloudiness followed by rain tomorrow and probably in extreme portion late tonight; warmer in south portion to-night.

START MACHINERY TO EXPEDITE DISTRIBUTION OF NEW ORDERS AUTHORIZING THE SALE OF BEER

State Prohibition Directors Ordered to Arrange for Approval of Applications That Will Aid Quick Handling of Demand From Retail Drug Trade.

Washington, Oct. 25.—Secretary of the Treasury Mellon today issued instructions to treasury officials to expedite distribution of the new regulations authorizing manufacture and sale of beer for medicinal purposes. There will be no delay in fully legalizing beer sales through pharmacists.

State prohibition directors today were ordered to arrange for the approval of all applications that will facilitate the setting up of machinery at breweries for quick handling of orders from the retail drug trade.

Druggists who already have permits to sell alcoholic liquors, are not required to give any additional bonds or other guarantees under the new regulations.

Revenue officials announced that druggists merely are to place their orders with established breweries—those which have been operating since prohibition became effective and have operated their plants since then to supply demands for so-called nonalcoholic drinks or cereal beverages. Their process of

IRISH CRISIS RELIEVED BUT NOT YET OVER

Conference Gets Under Way Again Tuesday to Consider Problems.

KING INTERVENES
Parley Comes Close to Break-down Monday, But Is Patched Up.

London, Oct. 25.—The tension in the Irish peace situation was somewhat relieved today but the crisis had not been passed entirely. The conference was scheduled to get under way again at 4 o'clock this afternoon at the official residence of Premier Lloyd George, at 10 Downing street.

It is reported that King George intervened in person to prevent a complete collapse of the parley. How close the conference came to a break-down on Monday was shown by the fact that the Irish delegates had gone so far as to reserve passage for a return to Dublin last night. These reservations have now been cancelled.

FEAR OF BALKAN WAR NOW OVER

Paris, Oct. 25.—The failure of Charles' monarchist adventure in Hungary has "banished the menace of a new Balkan war," according to the view of the foreign office expressed by high satisfaction over the capture of Charles and the collapse of the restorationist movement.

Diplomatic exchanges are now proceeding between London, Paris and Rome concerning Charles' future.

TO POSTPONE ARMS CONFERENCE 1 DAY

Washington, Oct. 25.—The first session of the armament conference probably will be postponed from Nov. 11 to Nov. 12, in order that it may not conflict with the memorial exercises for an unknown American soldier, it was officially stated today.

Definite decision for the postponement of the conference has not yet been made, but it is being carefully considered.

Postponement of the conference would make it possible for President Harding to attend the first session.

SATURDAY POOR "LAW DAY"

Wooster, Oct. 25.—Lawyers are always in their offices on Mondays, according to local attorneys. They explained that family conferences held on Sundays, result in the dispatching of delegates to attorneys on Mondays or the purpose of unfolding legal angles. Saturday is the poorest "law day" of the week, Wooster attorneys asserted.

TWO VICTIMS OF POISONED CANDY

Seven young women, nurses at the West End Hospital, Chicago, were on the verge of death, as the result of having eaten home-made candy, impregnated with cyanide of potassium, one of the most deadly poisons known. The candy had been sent anonymously through the mails to Miss Helen Rosenfeld. The young women survived. Under ordinary circumstances all would have died within a few minutes, but the candy was eaten within the hospital, where physicians were available immediately to administer emetics. It is the belief of the police that a rejected admirer of Miss Rosenfeld sent the poisoned candy. The photo shows two of the victims.

Seek Three Bandits Who Looted Mail Truck in N. Y.

Four Pouches of Registered Mail Taken By Robbers—Loss Estimated Anywhere from Million Dollars Down—First of Kind in 15 Years.

New York, Oct. 25.—Police and postoffice inspectors today sought three armed bandits who held up an auto truck on lower Broadway and escaped with four pouches of registered mail. The pouches were selected by the highwaymen from seventeen others in the truck.

Postoffice authorities could not make a definite estimate of the value of mail stolen, but said it could be anywhere from a million dollars down. This was said to be the first time in fifteen years that such a robbery has occurred in New York.

The truck left for the post office at City Hall Park and proceeded up Broadway to Worth street where a big touring car pulled alongside the driver and ordered him to stop. The driver hesitated until he saw two revolvers pointed at him. The bandits

FRENCH GIVE CROSS OF HONOR TO U. S. UNKNOWN SOLDIER

Final Ceremonies On Soil Of France To Precede Long Voyage.

Havre, France, Oct. 25.—The French cross of the legion of honor was today conferred upon America's "unknown warrior" and by night the body will be on its way home to find eternal resting place amidst America's great war heroes in Arlington cemetery, Virginia.

After lying all night upon a special train at Batignolles station, Paris, the body was brought to Havre today for the final ceremonies of honor upon French soil. The coffin containing the mortal remains of the unknown soldier was guarded by twenty-four privates from the American army of occupation on the Rhine and six pallbearers, including Sergeant Younger, who had picked the body from a group of four that had been disinterred from the four principal American burial grounds in France.

When the train arrived here shortly after noon it was met by a regiment of French soldiers commanded by General Duchesne while a French military band played the dead march.

HUNGARY IS TOLD TO HOLD CHARLES

London, Oct. 25.—The allied governments today instructed Hungary to keep Charles safely in custody pending a decision as to his final disposal. The Hungarian government was recommended to establish special safeguards. It is understood that the allied statesmen did not fear attempt of assassination so much as they did that Charles might try to take his flight. He was described in press dispatches as being very despondent.

HIGH SCHOOL BOY KILLED BY TRAIN

Toledo, Oct. 25.—Harold McLean, aged 18, star football player on the Walte High school eleven, was killed and three companions were seriously injured when their automobile was struck by an engine on the terminal railroad south of this city late last night. The other three were able to go to their homes during the night.

PLEDGE \$15,000
Oberlin, Oct. 25.—Oberlin college students pledged \$15,000 towards missionary work in Central Europe and in Shansi, Northern China.

STRONG HOPES FOR SETTLEMENT OF RAILROAD STRIKE NOW EXIST

Bold Royalist Coup Ends As Charles Is Captured

Restorationist Adventure In Hungary Comes to Ignominious End in Less Than 72 Hours—Great Powers To Decide on Future Asylum for Leader.

Berlin, Oct. 25.—Former Emperor Charles and his wife, ex-Empress Zita are prisoners in their own country today following the ignominious collapse of the restorationist adventure in the Hungary and the allied powers are now debating their future fate.

Thus has ended the boldest royalist coup of modern times after a campaign of less than 72 hours during which all of central Europe trembled, under the menace of a new war scare.

The ex-imperial pair, who were captured at Komorn by regent admiral Horthy's nationalist troops, are under heavy guard and their escape is impossible, said dispatches from Budapest today. They probably will be kept at Komorn until the great powers decide upon a future asylum. Charles may be banished from Europe entirely to prevent further trouble making in the old dual monarchy. Like Napoleon, he may be interned in some isolated spot far from his native land.

Former Empress Zita is reported to have asked permission to go to Switzerland to get her children. She has promised to accept without question any fate the allies may impose upon her if her children are at her side. She may elect to accompany her husband if the allies agree.

The former empress is generally regarded as the moving spirit in the ill fated exploit which carried the couple from their Swiss exile by airplane across Europe almost within sight of the citadel of Budapest, fanning afresh the dying flames of monarchism all along the old royalist front.

The audacious flight of the Hapsburgs and their little army beneath the old imperial double eagle was brought to a drastic close at a moment when their hearts were beating feverishly at the thought of a jubilant nation hailing them back to the throne of St. Stephen.

The heavy pressure brought by the allied powers upon the Budapest government convinced the Horthy cabinet that it must act decisively to save the country. If Charles had remained uncaptured another 24 hours it is likely that Czechoslovakian and Jugo-Slav troops would have been pouring across the Hungarian frontier and again the guns would be thundering along the Danube in a new war.

It was the second time that Charles had seen his dream of Hapsburg restoration in Hungary shattered. Now he must "sign the dotted lines" definitely renouncing the crown himself and for his nine year old son Otto, who had religiously kept behind sealed lips, the news of the flight of his mother and father.

TWO NAVAL FLIERS DISAPPEAR; FEAR FOR THEIR SAFETY

May Have Met Disaster In Gulf of Mexico It Is Thought

Pensacola, Fla., Oct. 25.—No word has been received today as to the probable fate of Lieut. Darby and Chief Machinists Mate Wendell, naval fliers who disappeared while making air photographs of the Mississippi delta. It is feared they have met disaster in the gulf of Mexico.

They were in one of three machines engaged in photographing the Mississippi. When last seen Lieut. Darby reported to Lieut. Zentfort that his gas supply had been exhausted. The machine was of the F-6-L type.

U. S. NOT PROPOSING QUESTION OF DEBT

Washington, Oct. 25.—The United States has not proposed that the question of the allied debts be considered at the forthcoming armament conference nor has it received any such suggestions from any other power, it was stated officially today.

The state department does not believe that any nation has any intention of bringing this matter before the conference, it was said. The various delegations contain no financial experts and would be unfitted to deal with the matter of debts.

SAY SEN. CAMERON INDICTED IN WEST

Phoenix, Ariz., Oct. 25.—An indictment against Ralph H. Cameron, U. S. Senator from Arizona was returned by the federal grand jury at the last term of the U. S. district court here, according to a brief entry made in the minute book of the court yesterday.

The indictment was on a charge of perjury, according to the entry made in the minute book.

Washington, Oct. 25.—Senator Cameron said last night he had received no word of an indictment against him in Arizona, but he understood "certain political foes" had made efforts to obtain an indictment for alleged improper and excessive use of money in his election. He added that he was prepared to disprove such charges if brought formally.

CLAIM SUFFICIENT GROUNDS FOR MOVE

Washington, Oct. 25.—The decision of the Mexican supreme court that article 27 giving the Mexican government control of subsoil properties is not retroactive, is not sufficient to furnish grounds for re-consideration of Mexico, it was stated officially at the state department today.

State department experts have just completed a study of the decision, and report that it does not meet all of the demands of this government with regard to American property rights in Mexico, although it obviates some of the difficulties of the past.

TO BE SPEAKERS

Lorain, Oct. 25.—William G. Sharp, Elyria, former U. S. ambassador to France and Col. J. R. McQuigg, Cleveland, former state American legion Commander, are to be the principal speakers at a mass meeting here next Friday to promote the state bonus project.

UNION LEADERS WILL AGREE ON FINAL MINIMUM

Representatives of Employes Will Not Present Peace Formula

AT END OF RESOURCES

Workers Feel That They Have Gone as Far as Honor Permits.

Cleveland, Oct. 25.—Leaders of the five unions allied in the call for a nation wide transportation strike scheduled to begin Oct. 30, will today agree on the "irreducible minimum" upon which they will be willing to rescind the call for the strike already in the hands of every local chairman of the organizations upon railroads in the United States.

According to present plans, the union leaders will not present any peace formula to the conference but will listen to any proposal that may come to them from the government as represented by the railway labor board or the executives of the railroads who will also sit in the Chicago conference tomorrow.

The leaders feel that so far as direct negotiations with the railroads are concerned, they have already exhausted every honorable resource. They are willing to accept as an accomplished fact that the wage reductions ordered by the railway labor board which have been in effect since July 1, but in accepting these they insist that the railroads and the labor board shall give assurance that the rules of service and working conditions that were in effect at that time be maintained and that there be a definite promise that no further wage reductions be asked for a definite period, probably before next July, when, it is felt, business conditions will have become stabilized and a fair adjustment may be made.

When all five of the union leaders here refused direct comment there is strong feeling of resentment over the order from the railway labor board calling all the general chairmen of the brotherhoods to Chicago tomorrow. "If one thinks to thus avert a strike without satisfactory settlement he shoots wide of the mark," said one of the leaders. "Our strike call is automatic, and will go into effect, unless the word recalling it reaches our members through authorized channels already agreed upon."

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; W. G. Lee, president of the Brotherhood of Railway Trainmen; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen; L. E. Sheppard, president of the Order of Railway Conductors, and T. C. Cashen, president of the Switchmen's Union, will leave Cleveland late today for Chicago to be ready for the conferences opening there tomorrow. They will be accompanied by all general officers of the five unions now in Cleveland.

PRESIDENT LEAVES FOR THREE DAY TRIP INTO SOUTHLAND

Important Speeches Will Be Delivered in at Least Two Cities.

Washington, Oct. 25.—President Harding left Washington today for a three-day trip into the south, which will be featured by important speeches at Atlanta and Birmingham. It will be the president's last trip before the armament limitation conference convenes in Washington less than three weeks hence.

Accompanying the president were Mrs. Harding, Secretary of War Weeks, Secretary of the Interior Fall, Senator and Mrs. Oscar Underwood of Alabama, Secretary George B. Christian, Dr. Sawyer, Colonel C. O. Sherrill and Captain R. S. Holmes, military and naval aides, Judson C. Welliver, newspaperman and secret service operators.

ATTACK ALLEGED

Wooster, Oct. 25.—Police are holding two negroes in connection with brutal assaults upon William Montgomery, Piqua, and Edwin Moodie, Akron, students at Wooster College, both of whom were struck down Sunday night while walking along the street a block apart, each with a girl friend.

Two persons committed each attack, one grabbing the girl as the other struck the man. Both students got up to give chase and the thugs ran. Physicians dressed head wounds.

VANDALS WRECK CHURCH

Maynard, Oct. 25.—Vandals wrecked the interior of the Wheeling Valley Presbyterian church. Trustees of the congregation have offered \$100 reward for their arrest. The Balmie church of the same denomination, situated 10 miles east, met a similar fate last summer. The Wheeling Valley church is on the site of a new oil field and recently leased its property for drilling purposes.

WOMEN BECOME TRAMPS

Elyria, Oct. 25.—Women have become common tramps and are hobnobbing on railroad trains, New York Central railroad men report. A woman, accompanied by a man, was seen "beating" her way via the "blind baggage" when an express train passed through this city.

Gunnery Sergeant Ernest A. Janson, who holds the Congressional Medal of Honor, the highest American award for bravery, will represent members of the Marine Corps at the burial of the unknown American hero in Arlington Cemetery on Armistice Day, November 11.

"His quick action, initiative and courage drove the enemy from a position from which they could have swept the hillside with machine gun fire and forced the withdrawal of our troops," is the way the Sergeant's citation reads. Janson, with several non-commissioned officers of the army, all of whom have overseas records, will act as pallbearers of the unknown soldier.

TO HEAR LECTURE ON THE JAPANESE ISSUE WEDNESDAY

Xenia people will have an opportunity of hearing the Japanese point of view in the Japanese question discussed by a native of the Mikado's country, when M. T. Yamamoto appears at the First Presbyterian Church Wednesday night.

Mr. Yamamoto was educated in this country, at the University of Pittsburgh, and his speaking tour in this country has been endorsed by the Chamber of Commerce of Tokio. Because of his years of experience in this country, he is able to see the American side of the controversy as well as that of the Oriental and his appearance here at this time when everybody is wondering what the Japs will do at the conference to limit armament, is of peculiar interest.

The Rev. William H. Tilford, pastor of the Presbyterian Church, extends an invitation to Xenia and Greene county people to hear Mr. Yamamoto. The church, however, is not announcing any indorsement of what the speaker may say, as it is simply giving the public an opportunity of hearing the talk. The speaker is well recommended however, according to the Rev. Mr. Tilford. He will answer any questions which may be put to him from his audience. The address is set to open at 7:30 o'clock.

GOLF PLAYERS OF XENIA ARE MATCHED AT WASHINGTON

The newly formed Washington C. H. Country Club is planning a general tournament open for all members, to be run under the handicap elimination plan soon.

Last Friday, E. J. Reynolds and C. H. Little of the Xenia Country Club, were defeated by W. M. Brown, and M. E. Hitchcock of the Washington Club on the Washington course while Mrs. Charles Darlington and Mrs. C. E. Fisher, of the local club, three to play while Mrs. Darlington and Mrs. Fisher won their nine-hole referred matches at Washington.

The match between the men ended on the fifteenth hole, four up and three to play while Mrs. Darlington and Mrs. Fisher won their nine-hole match with the Washington women, two up and one to play. Louis Brandenburg, professional of the local club, referred the matches at Washington.

Members of the Xenia Club who enjoyed the hospitality of the Washington Club were Mr. and Mrs. C. E. Fisher, Mr. and Mrs. J. E. Kelly and children, Mrs. Charles L. Darlington, Mrs. Charles A. Weaver, C. H. Little, E. J. Reynolds and Louis Brandenburg, and Miss Caroline Swayne, of Cincinnati.

CENTRAL HIGH TO PLAY GREENFIELD HERE ON FRIDAY

Central high school gridders are in for a hard week this week according to Coach Jerry Katherman, who is embracing fond hopes of defeating Greenfield here Friday afternoon.

The game, which has been looked forward to as one of the biggest on the schedule, has been changed from Saturday, the regularly scheduled date, in order to permit local fans to attend the Saturday games elsewhere and the move is believed to be a popular one.

The slogan "beat Greenfield" has been ringing in the ears of the blue and white athletes and Coach Katherman is building a defense this week to stop the forward passes of the visitors and the much famed Stroup who gave the locals trouble here last year. Katherman is also promising, something new in the way of attack for the McClain High outfit.

The local footballers came out of the Hillsboro clash in good form, and with no casualties. The two veteran cripples, Lonnes and Art Currie, will still be out of the line up but are coming along in such good shape, that Coach Katherman, anxious not to take any chances with his stars, still hopes to use them in succeeding games. The fracas here Friday will likely be handled by Dave Reese, of Dayton, former Denison star and now with the Triangles, who made a hit here with the whistle last week.

Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

"TWO LONG BE REMEMBERED"

Cincinnati has added another laurel to a crown already celebrated for its stateliness.

The twenty-sixth annual convention of the Ohio Federation of Women's Clubs is over, but delegates and visitors will not soon forget the warm hospitality of the Queen City of the incomparable program that marked the gathering as the most successful ever conducted.

Mrs. Thomas G. Winter, of Minneapolis, president of the General Federation and Mrs. Percy Pennybacker of Austin, Texas, past general federation head, both pronounced the convention as one of the best state federation assemblies they had ever attended and were profuse in their expressions of praise of Cincinnati as "the superbly hospitable convention city."

Mrs. William H. Sharp, Columbus, state president, and all other state officers expressed themselves in similar fashion. No city could have extended a more hearty welcome or entertained in more elaborate manner.

"A city that is set on a hill cannot be hid."

And Cincinnati let its light so shine that all saw and rejoiced in its "good works."

Club women are once more back in their homes doubly pleased for have been accorded the privilege of attending the convention.

CHAUTAUQUA BIENNIAL.

A call comes from Mrs. Marx Oberdorfer, of Chicago, general federation music chairman, as to whom Ohio considers her most representative musician, either native or permanent resident, such person to represent the state at the Chautauqua biennial which is to open June 22, 1922. The call is made through Ohio's state music chairman, Mrs. Warren P. Williamson, of Youngstown.

Persons interested in this con-

test should notify Mrs. Williamson, whose Youngstown address is No. 1840 Market street. This should be done at once, naming at the same time the most representative musical composition that has ever been written by any one of the Buckeye State's composers. Every club woman in Ohio should be interested and have a voice in this matter.

At the suggestion of the General Federation of Woman's Clubs, Mrs. Oberdorfer is preparing for publication an official song book, which will be made up of fifty folk songs, and art songs, arranged for three-part women's voices. They will be sold to club women at fifteen cents each, and Mrs. Williamson says they "will fill a long-felt need."

OHIO FEDERATION NOTES

Fresh from the Indiana state federation convention at Muncie, Ind., were three national leaders at the Cincinnati state convention just closed, Mrs. Thomas G. Winter, of Minneapolis, General federation

president; Mrs. Percy V. Pennybacker, of Austin, Texas, past general federation president and now chairman of the General Federation's important citizenship committee, and Mrs. Marx Oberdorfer of Chicago, General federation music chairman, the three national leaders all spoke in the highest terms of Indiana's "forward-looking and always progressive" club women.

Athletic party recently netted \$70 for the Chestnut club at Lancaster. This club has nineteen members whose study this year is civil government.

A program made up exclusively of compositions by Ohio composers was rendered Monday night at the Central Junior high school auditorium by the Marion Lecture Recital Club which has a membership of 380. This popular musical organization has donated \$200 toward the local federation club-home fund.

TRY THIS FOR INDIGESTION

Foley Cathartic Tablets are just the thing for constipation. Their action is wholesome and thoroughly cleansing, without griping, nausea or inconvenience. They banish headache, biliousness, bloating, gas, bad breath,

coated tongue and the other symptoms of disordered digestion. Mrs. H. J. Marchard, 36 Lawrence St., Salem, Mass., writes: "I used Foley Cathartic Tablets for constipation with good results. I keep them in the house." Sayre & Hemphill.

Eczema and Tetter Due To Impurities In The Blood

To Get Absolute Relief You Must
Clear Your Blood of
Waste Products.

The blood is the means by which all the tissues of the body are directly or indirectly nourished. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Few skin diseases denote with unflinching certainty a weakened and impure state of the blood.

To correct the basic trouble—waste products—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 742 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

LIMBERS UP YOUR SORE STIFF JOINTS

WEATHER exposure and hard work bring pains and aches in muscles and joints. Have a bottle of Sloan's Liniment handy and apply freely. Penetrates without rubbing. You will find at once a comforting sense of warmth which will be followed by a relief from the soreness and stiffness of aching joints.

Also relieves rheumatism, sciatica, neuralgia, sprains and strains. For forty years pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Liniment** (Pain's
enemy)

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-
ache or Bladder bothers—Meat
forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Social and Personal

GYPSY IN MUSIC IS CLUB'S SUBJECT.

"The Gypsy in Music" was the interesting topic for the Tuesday afternoon meeting of the Xenia's Woman's Music Club, which was held at the home of Miss Margaret Steele.

The gypsy has added a romantic note to music, and this was brought out in the many delightful offerings on the afternoon's program. Mrs. Karl Babb opened the program with a paper on the subject. There was a group of four songs sung by Mrs. Lawrence Shields, two of them gypsy melodies by Brahms: "To Grenade," by Alvarez, and "Sequidilla," from Carmen.

Mrs. Meda Gowdy and Mrs. W. H. McGervey sang a duet, "The Gypsies," by Bordes.

Other numbers on the program were: "Gypsies Air," by Sarasate, Miss Florence Steele.

"Gypsy Lullaby," by Hamblen, and "Gypsy Maiden," by Parker, Mrs. Raymond Wolf; Gypsy Love Song, from Victor Herbert's opera, "The Fortune Teller," Mrs. Meda Gowdy.

"Catherine," by Moszkowsky, Miss Martha Smith.

"Gypsy John," by Fred Clay and "The Gypsies," by Dudley Buck, Mrs. Arthur Perrill.

Miss Margaret Fletcher and Miss Margaret Steele were the accompanists.

SILVER WEDDING IS CELEBRATED

In honor of the twenty fifth anniversary of the marriage of Mr. and Mrs. Charles F. Taylor, a party of fifty of their friends from Orient Hill, where Mr. Taylor and his son conduct a grocery, surprised them at their home on East Main street, Monday evening.

Twenty five bride's roses, typical of the years of their marriage, were presented to them. Games were played and a refreshment course was served. Enjoying the evening with the Taylor family were: Mr. and Mrs. John Beacham and their son, John Jr., Mr. and Mrs. Frank Hurley and family, Mr. and Mrs. C. C. Sterns and family, Mr. and Mrs. Sherman Spahr and family, Mr. and Mrs. Brant Bell and daughter, Mr. and Mrs. J. J. Stout and family, Mr. and Mrs. Theodore Johnson, Mr. and Mrs. Ami Yeager and family, Mr. and Mrs. A. J. Wilson and family, Mr. and Mrs. U. E. Clark and daughter Dorothy, Mr. and Mrs. Fred Turner and son, Mr. and Mrs. Charles Whitmer, Mr. and Mrs. Charles Cross and family, Mr. and Mrs. John Ary and Mr. and Mrs. Walter Cullie and family.

GIVEN BIRTHDAY SURPRISE BY FRIENDS

Mrs. Lawrence E. John's birth anniversary Monday, was made the occasion of a surprise given her by members of her sewing club at her home on North King street, Monday night. The party enjoyed a delightful evening, and refreshments brought by the guests were served. Enjoying the evening were: Mrs. John, Mrs. W. C. Sutton, Mrs. Harry Richards, Mrs. Roy Sutton, Mrs. J. L. Almon, Mrs. Lewis Urschel, Mrs. Ovid Lowe, Mrs. Harold Owens, Mrs. T. H. Zell, Miss Namoi Baber, Mrs. B. F. Thomas, Mrs. Roy Hayward, Mrs. Emerson Curtis, Miss Josephine John.

BRIDE-ELECT IS FAVORED.

Honoring her daughter, Miss Elma Fry, a bride-elect, Mrs. J. O. Fry, entertained a party of girls at her home on North West street, Monday evening. The occasion was Miss Fry's birth anniversary, and aside from felicitations on that event, she was "showered" with useful gifts for her new home. The guests were entertained with games and music. In the dining room a birthday cake bearing twenty-three candles centered the table, and grouped about the room the girls enjoyed a course of weiner sandwiches, pickles and coffee.

ENTERTAIN DINNER PARTY

Mr. and Mrs. George King of the Maple Corner neighborhood entertained for dinner Sunday, Mr. and Mrs. Curtis Funk and family; Mr. and Mrs. Elmer Fawcett and daughter Thelma, Mr. and Mrs. Walter Hess and family; Mr. and Mrs. Oscar Fawcett and son Lester; Mr. and Mrs. Frank Rambo and daughter, Vivian Marcella, Mr. and Mrs. Frank Saums and son Wilbur, of Paulding county.

CHURCH TO HAVE HALLOWE'EN SOCIAL

The parlor of the Presbyterian church is in festive attire for the Halloween social to be given this evening by the church and Sunday School. Halloween games and contests will be on the program, and refreshments which typify the harvest season will be served.

MASQUE PARTY TO BE GIVEN

Women of the Reformed church are arranging for a masque party to be held in the church parlor Friday night. All women of the congregation are expected to be present in masquerade attire.

Our car load of apples are here on track at our elevator. The Xenia Farmers' Exchange Co. 10-25

Dr. Reed Madden is home from Philadelphia where he attended the convention of the American Academy of Ophthalmology which was in session for ten days. On his way home, Dr. Madden stopped in Pittsburgh and spent Sunday with Dr. John Acheson, former Xenian, who is president of the Pennsylvania College for Women.

PART OF CITY INUNDATED.

Atlanta, Oct. 25.—Tampa, Florida, today was struck by a ferocious tropical hurricane, which has forced water from the Gulf of Mexico over the banks of Tampa Bay which flows into the town and has inundated a section, according to advices received here.

Electric power has been cut off and the city is entirely without street car service and lights. Higher tides are expected it was declared here today in private advices.

BANK ROBBERS GET \$7000

St. Louis, Oct. 25.—Four armed bandits yesterday robbed the Hodiak bank, just outside the city limits, of \$7000. Six employees and one customer were compelled to lay face down while the men scooped the money into sacks.

UNEARTH PLOT TO DYNAMITE ROADS

Atlanta, Ga., Oct. 25.—Lamar Poole, chief of police detectives of Atlanta declared today he had discovered evidence of a plot to dynamite two southern railroads.

People gave out this information following discovery that 312 pounds of a rock quarry. Twenty of the sticks, sewer, wrapped in brown paper, on which were crude drawings of locomotives, tunnels, and other objects connected with railroads.

The Georgia Railway and Power Company, which operates the quarry, declared the stolen dynamite amounts to 312 pounds, nearly 1,000 sticks.

COUNTRY CLUB WILL GIVE MASQUE PARTY

Members of the Xenia Country Club are looking forward with much pleasure to the masque Halloween party which will be held at the club house next Tuesday night. The affair will be typical of Halloween. Dancing will afford the evening's pleasure, and McKay's orchestra will play.

WOULD OUST BLANTON

Washington, Oct. 25.—Republican leader Mondell shortly after the house convened today introduced a resolution calling for the expulsion of Rep. Blanton, Democrat, Texas. The resolution charged that Blanton had inserted matter in the congressional record which was unfit for publication and in violation of the postal laws.

MARINE ADMITS MURDER

Boston, Oct. 25.—Richard Wiesencamp, a member of the marine corps attached to the navy yard, admitted before a board of inquiry that he killed Quincy C. Rouden of Panama City, Fla., a fellow private, in the barracks Saturday night.

AIR DEPOT GIVEN INSPECTION MONDAY BY CHIEF PATRICK

The air service intermediate depot at Wilbur Wright Field, Fairfield, was inspected, Tuesday, by Major General Mason M. Patrick, chief of the air service of the U. S. army, who inspected McCook Field, Dayton, Monday.

General Patrick's visit to Dayton was principally to familiarize himself with the activities of the engineering branch of the work being done at Wright field. "This branch of the service is new to me," he said, "and I will make a complete study of aerial activities before making any move. I want to make our air service the best in the world and to aid in every possible way the advancement of commercial flying." General Patrick was in the engineering corps before being appointed to his new position.

Following an inspection of McCook field, Dayton, Patrick declared that it would have to be expended to meet increasing needs in this branch of the air service. He declined to comment on the proposed removal of the field to some other location.

East End News

Mr. and Mrs. Lackey of Wilberforce in company with Mrs. Nichols, Mrs. Rogers and Mrs. Watkins have returned from Lancaster where they were in attendance at the Ohio State conference.

Mrs. Jennie Humphrey, of East Market Street is visiting her son, Oliver Bowser, of the Dayton Soldiers' Home. He is confined to his bed and growing weaker every day.

TO COMMAND CAMP

Washington, Oct. 25.—Major General Charles T. Menoher, recently resigned as chief of the army air service, was today assigned to command the first division at Camp Dix, N. J., relieving Major General David Shanks who will take command of the fourth corps area with headquarters at Fort McPherson, Ga.

PEACE MOVES HAVE BEEN MADE THROUGH FEDERAL CHANNELS

Chicago, Oct. 25.—Peace moves have been made through government channels to avert the railroad strike and the results have been such as to give members of the railroad labor board strong basis for their optimistic belief that there will be no strike, it was learned today from authoritative sources.

The board, it was stated, looks to the conference to be held today by railroad executives for a step that will lead to final peace developments.

In official circles, significance is attached to the fact that yesterday Samuel Felton, president of the Chicago Great Western railroad visited the president and Wall street received private advices from Washington that differences between the railroad executives and the "big four" brotherhoods would be settled amicably with an opportunity given the brotherhood chiefs to withdraw from the situation gracefully. It may be stated on the authority of a member of the railroad labor board that the board itself has been exerting mediatory efforts since its conference with the brotherhood chief last week. Contrary to belief the conference was not a failure, this board member emphasized today. It produced no tangible results he explained, because the board presented nothing tangible to the labor chiefs, but he declared, the meeting "sowed the seed for future peace negotiations."

The board has on other occasions when crises arose threatening serious disturbances on the railroads, exceeded its quasi judicial authority to exert mediatory efforts and will "go the limit" it was declared today to meet the great emergency which now confronts the country.

As official circles view the situation the railroads desire public opinion behind them and are anxious to avoid the position of being declared law violators by the labor board.

The brotherhoods are also anxious it was pointed out to save them-

selves from public castigation by the board. The brotherhood chiefs, it was stated, are fully aware that going on with their strike program means court proceedings that may result in the complete tying up of their funds and jail sentence for all officials concerned. They have been warned of this by the railroad labor board itself.

FOLKS WHO ARE THIN

SCRAWNY, ANGULAR, HOLLOW-NECKED AND CHEEKED, SHOULD BUILD FIRM, STAY-THERE FLESH

You are too thin in your face, others in chest, shoulders or neck, while others are angular all over.

It matters little whether you have a thin face, sunken neck or chest, or a thin, weak, angular body. It proves you lack that important flesh and tissue-building nourishment called vitamins, which scientists say modern cookery totally destroys in our foods.

You should eat more vitamin-containing vegetables, such as lettuce, spinach and apples and reinforce them by taking from time to time with your meals a little harmless and pleasant MEDIC-YEEST, which is rich in vitamins in your blood and the vitamins in built of grains and skins of apples. MEDIC-YEEST represents flesh building vitamins in such a highly condensed form that one dose of it is estimated to be approximately equal (in vitamin content) to eating two heads of lettuce, one-half quart of spinach,

one quart green vegetables or six apples. It's like taking extract of beef instead of eating pounds of meat.

To prove to yourself what MEDIC-YEEST can do for you: First, weigh and measure yourself and again each week, then feed your shrunken tissues and de-vitalized nerves "vitamins" in the form of MEDIC-YEEST with your meals until you are satisfied with your gain in weight and strength. The scales, tape measure and mirror won't deceive you.

MEDIC-YEEST is fully guaranteed by the manufacturers or your money refunded but should not be used by any one who objects to having their weight increased to normal.

Sayre & Hemphill carry MEDIC-YEEST or other good druggists can supply you. For many reasons no other yeast can replace MEDIC-YEEST—adv.

MR. WILSON'S SON-IN-LAW TO THE FRONT.

Democrats are optimistic souls. Crushed in the last presidential election they are about to rise again, willing and eager to "carry on." This is a good thing for the country under our system of political parties. Besides, the Republicans welcome a good scrap when the time comes for it.

With the Democrats casting about for leadership, it is interesting that the Washington Star regards Mr. McAdoo as an entrant in the race for the next Democratic presidential nomination. Right off the bat, it can be said in behalf of Mr. Wilson's son-in-law that he enjoys whatever advantage may accrue from being widely advertised. Folks who travel about the country will recall that while Mr. McAdoo was high mogul of the railroads he had his name printed on railroad ties, menu cards, tickets and about everything else. That gives him a considerable start over some unknown of his own party.

The Washington paper points to several straws showing the direction of the wind, among them being a McAdoo for President Club in Missouri; introduction of Mr. McAdoo as a critic of the Harding administration in the Senate discussion of the railroad problem, and manifestation of interest by Mr. Wilson's son-in-law in the Boy Scouts, Mr. McAdoo having played before the camera in a scout baseball game, none to expertly to be sure, but well enough to get into the public eye.

It is well for Mr. McAdoo that he is getting an early start, if he intends to take a flyer at his party's nomination for President. Chances of a Democratic victory in the election look so hopeless that the Democrats will not only have to start early but will have to keep on going at their best speed if anybody is going to know they are in the race.

LASTING FRIENDSHIP.

Without the shadow of a turning, President Harding moves on in his wise and chosen course of bringing the English-speaking nations of the United States and the British Empire to a deeper friendship and a better understanding. His speech at Yorktown field will be studied in the foreign offices of the world. It supplements other utterances and other moves made by the Administration.

There was a peculiar fitness in the time and the place chosen by President Harding for the voicing of his policy of Anglo-American friendship for the future. He was standing where Lord Cornwallis and General Washington met in the formal surrender of a British army to the forces of an infant republic. What he said has a special significance now and for many reasons.

The Conference on the Limitation of Armament that will gather in Washington is but a few days away. The United States and the British Empire are two of the three outstanding nations in that six-Power meeting. It was but recently that the two nations were arrayed together in that "trusteeship of preserving civilization" of which the President spoke. On them will rest, above all other Powers, that same trusteeship in the conference which is about to be.

There are residents of these United States who will be discouraged by the President's open declaration of a policy of Anglo-American friendship. These who have worked, hoped and maneuvered to draw the two nations to war against each other for the sake of ancient and half-forgotten wrongs or new-born hatreds will find no encouragement in the speech at Yorktown field.

As the President reminded the two peoples, there has been an unbroken and an honorable peace between the two countries these last hundred years. We have fought shoulder to shoulder with the Briton since days of the redcoats of Bunker Hill and Yorktown, Lundy's Lane and New Orleans. Anti-British feeling in the United States is dying a lingering but steadily creeping death. Anti-American feeling in England has lost its bitterness.

For years the logic of events has caused the races of the English tongue to drift nearer each other. President Harding does not propose to hinder or check that drift in any way. He seeks, in fact, to hasten it believing that in the world currents now running this drift will make for peace in the world and for an eventual better understanding between men of all tongues.

"MONEY MAKES THE MARE GO" A PROVERB APPLICABLE TO EVERY ENTERPRISE ASPIRING TO ATTAIN NOTABLE SUCCESS.

By B. C. FORBES.

Haven't you in your head right at this moment some idea you are sure would prove very successful if it were carried out? And what is it that prevents you from having your idea carried out? Isn't it the lack of the necessary capital?

There is hardly a man walking in shoe leather who hasn't, at some time or other, thought of some plan or proposition he was sure would prove a big money-maker. Every wealthy man is besieged by individuals anxious to present schemes of wonderful possibilities. I'm constantly bombarded with requests to investigate all sorts of new propositions and to put their authors into touch with some man of wealth.

Success does not come merely from having an idea. Success comes from devising ways and means to put sound ideas into practice. And that invariably resolves itself into finding capital.

The world is full of individuals who want to attain success without paying the necessary price. They hope to "strike a streak of luck." They try to tell themselves that some day "something good will turn up." They are good wishers and good dreamers.

But how many tell themselves this essential truth? "The surest way for me to prepare myself to take advantage of opportunity is to work as hard and as intelligently as I know how, and save every dollar possible, because very little can be done without some amount of capital."

A NATIONAL ANTHEM

Freckles—Peroxide of Hydrogen, when used as a bleach is applied full strength and allowed to dry on the skin. It should not come in contact with the lashes or brows as it will bleach them also.

Bright Eyes—In making cucumber lotion, the vegetable should be ripe and retain the skin. Cut the cucumbers into small pieces and place them in a steamer with very little water; Cook slowly until all of it is softened so that it may be put through a fine cloth. This lotion can be used just as it is, but it will not keep sweet longer than a few days. An extract can be made which will keep indefinitely, by combining equal parts of cucumber juice and high proof alcohol.

Florence—Your cleaning cream, made without the white wax, will be just as effective for cleansing, but it may not keep as well as if you had this ingredient in it. The wax in any cream helps to hold all the other materials together, otherwise, they might separate after a time. In a cream used for nourishment and healing, wax does more than hold the other parts of the cream together; it has this same effect upon the pores of the skin, which seals and preserves the natural secretions, so the skin does not dry out and shrivel. Send a stamped addressed envelope for the other formula and I shall be pleased to mail it to you.

Blondie—Very short hair may be encouraged to curl by dampening it, then tossing it about between the fingers always forming ringlets, while doing this after which, allow it to dry in these circles. The fine hair on infants can always be trained to curl this way and if the training is adhered to, the hair will always curl easily even after many years of growth.

R. K.—Very few people can retain powder on the face beyond a few hours, as the pores of the skin are secreting all the time and throwing

off this light coating. A very active skin will discard powder in an hour, so it is not always the fault of the brand of powder you are using. Lactopodium is an excellent powder, which adheres very well. It is not a patented article but is sold in bulk form at most drug stores and made from an Egyptian lily. It has the feel of satin between the finger tips and so pure, that it is recommended as a powder for infants.

A Reader—An oily skin sometimes comes from eating foods that contain more oil than the system needs, so the skin becomes an aid in throwing it off. The cure then will be a change in the diet, but it can happen also from sluggishness of the liver and other digestive organs. A mild astringent such as Witch Hazel used on the face daily will relieve it, but this cause should be studied and corrected.

ANTIOCH STUDENT JOINS GAZETTE AND REPUBLICAN FORCE

F. X. Reynolds, of Lancaster, Pa., has joined the advertising department of the Gazette and Republican, under F. W. Chew, advertising manager. Mr. Reynolds is a student at Antioch and under the cooperative plan of education in effect there, will give a majority of his time to his duties on the newspapers.

Weaw, Nervous, Run-Down Men and Women

Accept the New Health and Strength EVANS' TRIPLE PHOSPHATES Offer You.

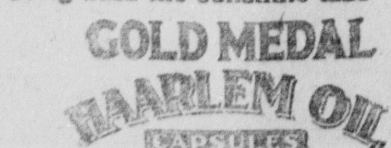

If you could only realize just what Evans' Triple Phosphates would do for you, you would not continue to suffer needlessly—there would be no hesitation whatever—you would go to your druggist and say "I want a bottle of Evans' Triple Phosphates," and start at once to throw off that nervous depression that is slowly but surely dragging you down. Evans' Triple Phosphates is more than a tonic, it is a restorative, nerve, food, blood and tissue builder all in one, and that is why such extraordinary results are achieved in cases of Weakness, Sleeplessness, Brain Pain and Nerve Troubles.

For overstrain of any kind you must pay with nervousness or other troubles unless you take a powerful bracing tonic like Evans' Triple Phosphates, which so feeds the nerves, enriches the blood, improves the circulation and strengthens the body's resistance that you can throw off and withstand any extra calls upon your strength. Get a package today and if after taking it for two weeks you can truthfully say you feel no better, take it back to your druggist and get your money back. If Evans' Triple Phosphates cannot help you, nothing will. Sayre & Hemmell and Sohn's Drug Store and all good druggists can supply you.

BETTER DEAD

Weak Kidneys and Bladder MADE STRONG

Thousands die every year from weak Kidneys and Bladder who ought to be enjoying the blessings of life. If you're subject to weak spells, dizziness, headache, lame back, lack of appetite, cloudy eyes, specks, disturbed sleep, puffiness, rheumatism, annoying bladder troubles, clammy feet or any other tendency to Bright's disease, Diabetes or Gravel, recognize them as danger signals, warning you. Don't neglect them, get Dr. Carey's Marsh-Maroo Prescription No. 777 (liquid or Tablets) at Sayre & Hemmell's, who with every other good druggist has been authorized to return purchase price on two bottles to all who state they are not benefited.

The national remedy of Holland for over 200 years; it is an enemy of all pains resulting from kidney, liver and uric acid troubles. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

CAR SERVICE TIED UP AS WIRE BREAKS

A break in the high tension wire of the Dayton Power and Light Company Tuesday morning, played havoc with car service on the Springfield and Xenia traction line.

Car service on that line lost two hours and twenty minutes, there being no six or seven o'clock cars, and the eight o'clock cars going out 20 minutes late. Cars on the Dayton & Xenia line got their power from beyond the break and service on that line was not hindered.

INVENTOR OF PNEUMATIC TIRE CALLED BY DEATH

Dublin, Oct. 25.—John Boyd Dunlop known as the inventor of the pneumatic tire, died here yesterday. He was 81 years of age. His invention, first introduced in 1888, resulted in the popularizing of bicycling and was a forerunner to passenger automobilizing.

NORMALCY.

In all things normalcy is fine; extravagance in any line will bring its punishment oftsoons and fill our lives with tears and prunes. When normal pleasures we pursue, there's no remorse, there's naught to rue; we wake up smiling at the dawn, and put our bright green garments on, and think of what a gorgeous day we had before we hit the hay. But if we seek abnormal fun, and with the brisk high rollers run, and pour red poison in the craw, ignoring Mr. Volstead's law at dawn we leave our tumbled beds, and tie wet cloths upon our heads, and view ourselves with deadly hate and envy those who traveled straight. A picnic party in the glen, with lemonade and potted hen; a motor trip athwart the lea, or by the shining silver sea; some hours of fishing in the stream, returning with a string of bream; a game of quoits behind the barn, relieved by jest and sprightly yarn; these humble joys are better far than tearing Volstead's rules ajar. Let normalcy our motto be when we would have a jamboree, and we won't figure in the news as tinhorn sports all steeped in booze, and we'll live long and have renown reflecting credit on the town.

Today's Talk

by George Matthew Adams

THE ROCKY WAY

There is no more important task in this world for you than the education of your will.

And there is no method better or sounder than to realize early in life that the easy way is the most destructive way—always.

A muscle must have opposition if it would be strong and fit. The prize fighter engages other prize fighters to give him hard knocks in training so that he will be prepared to face what may be no soft job in the ring.

We must all face the distasteful and the painful quite often if we would be ready for the emergency that may try our very souls.

He who treads the "soft snags" himself is sure to snap very early in the game—for the game won't last but a little while for him.

Roosevelt preached—and practiced—the "strenuous life." It is the only life that wraps happiness within its arms.

The trouble with the present day educational systems is largely due to the ease in which they turn out students. The laboring man wants easy hours and the ordinary employe wants to know first what he is going to get out of the job in money.

But the exceptional man is interested primarily in doing the thing at hand better than it has ever been done before.

The rocky way is the way over which the god of success leads the conqueror!

The living of the simple life, with plain-nourishing food, and the will to go the route necessary to win, is what assures the winner—all in advance.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

COURT NEWS

Company Plaintiff in Two Suits.
The Greene County Hardware Company is plaintiff in two suits filed in Common Pleas Court, Monday. In the first the company claims action against Leroy H. Faulkner for \$325 alleged due on promissory note dated November 18, 1920, and bearing seven per cent interest on which a credit of \$5 was applied March 5, 1921. The second names J. D. M. Russell, defendant, and cites two notes, now executed for \$160.39 and one for \$100 both drawn up February 5, 1921, bearing seven per cent interest and on the first of which credits amounting to \$71.80 were endorsed, October 5, 1921. The plaintiff asks for a judgment in the sum of \$260.39 plus seven per cent interest since Feb. 5, 1921, and less the amount of the endorsement. Marcus Shoup is attorney in both cases.

Seeks Injunction From Court.
T. E. Cummings is plaintiff in an action filed with Clerk of Courts Elam against Ernest Ellis and Earl Ford, asking for an injunction. The plaintiff claims he owns 224 acres in Caesar Creek township, which he rented to the defendants for cash March 1, 1921. The petition states that at that time there was a crop of wheat on the premises, which he gave to the defendants. The defendants now will not occupy the property the coming year, although there are 34 acres in corn, part hogged down and part cut. The plaintiff has attempted to sow this land in wheat, but the petition asserts the defendants refused to permit him to plant the wheat, to enter the property and have ordered him off, and the plaintiff claims if he is not permitted to plant the wheat he will suffer irreparable damage. He wants a temporary restraining order restraining the defendants from interfering with the plaintiff in planting the wheat and that on the final hearing it be made a permanent injunction. Attorneys for the plaintiff are M. J. Hartley and the firm of Miller & Finney.

Local Firm Is Defendant.
The Springfield Metallic Casket Company, is plaintiff in an action for \$102.22 against John C. Johnson and Oscar S. Harris, doing business as Johnson & Harris, according to a petition filed with Clerk of Courts Elam. The defendant firm is in the undertaking business here, and the plaintiff company claims the amount on account.

Judgment Is Allowed.
The Sun Company has been granted a judgment against the Spring Valley Milling Company in Common Pleas Court, for \$384.21, the amount of the suit, with \$23.05 interest, totalling \$407.26.

Terms of Court Are Fixed.
Terms for holding Common Pleas court for the coming year have been

HENRY CLEWS

Weekly Financial Review

The threatened national railroad strike has been the overshadowing influence in the stock market practically throughout the week. Events have shown that neither the prospect of the strike itself nor the harm to be expected from it are to be so seriously regarded as was at first thought. Hence the influence of the strike threat as a market factor has declined. President Harding's administration is manifestly doing all that it can to prevent any such calamity from occurring and there is at least reason to believe that a basis of adjustment can be developed.

Some Constructive Factors

Constructive influences, however, have not been wanting. The fact that the steel industry has continued to hold its own well in spite of the strike outlook, and that there has been little apparent influence upon the volume of orders has prevented quotations of stocks from undergoing any severe changes except in isolated instances. News that arrangements have been partly made for a \$60,000,000 loan to Cuba has tended to strengthen the sugar situation certainly in so far as relates to the shares of the Cuban companies. Definite announcement that the American Sugar Refining Company expects to pay its preferred dividend has set at rest the rumors that have been circulated with regard to the dividend situation of that company. There has been an increasing tendency to improvement in the copper situation and still better conditions have developed in the textile manufacturing, it being reported that the largest producer of woollens is now considerably more than 90 per cent active. One effect of the strike danger has been to encourage the steady movement of agricultural products to market. While the result of this movement has been in some measure that of tending to reduce prices in consequence of heavy offerings, the placing of available funds in the hands of producers has put them in position to make settlement with the banks and with merchandise concerns. This tends to ease the credit situation correspondingly.

With the German Treaty disposed of, the Senate is now in a position to devote itself to the tax bill and that measure bids fair to come to a vote by the end of the month. Official forecasts placing the date of its adoption as early as the 26th. The tax bill continues to retain the 50 per cent maximum rate of surtax and the 15 per cent levy on the incomes of corporations. Both propositions are, however, under fire, and sentiment in the Senate is so closely divided as to offer a reasonable chance of further amendment before the final ballot, while the prospect of compromise in conference committee resulting in a further reduction of the surtax rate with continued possibility of a sales tax amendment will leave the situation unsettled up to the close of the work in conference. Meantime the adoption of the German treaty has tended to make foreign exchange, especially the quotation of marks, rather more stable after the severe break from which they suffer a few days ago. The presence of an American representative on the Reparations Commission will give opportunity for making our views known in the Allied councils with a weight which could not be had by the unofficial observer who has hitherto been our representative at the sessions of this body.

Credit and Investment Conditions
Further liquidation of credit and an increasingly large available surplus of investment funds has resulted from the gradual marketing of farm products, accelerated as this has been by the fears of a "tie up" on the railroads. The outlook is seen in the improving conditions under which money can be had for commercial purposes and the generally easier rate situation. Although the advance in bonds which has been so marked a feature of the investment outlook during the recent weeks has been arrested by the strike news, there can be no doubt that easy money rates attract idle funds to the bond market for some time to come, particularly as the income yields therefrom are still most generous. Difficulties in the marketing of the equipment certificates owned by the Government have grown out of the decision of the Senate leaders to adopt the 50 per cent surtax rate, as Chairman Meyer of the War Finance Corporation has shown, and this fact tends to improve the chances of an amendment provision which will reduce the rate to a lower level. The weakest spot in the present credit situation is apparently still on the export side. Nevertheless the announcement that some important South American markets are again opening as a result of disposal of the accumulated surpluses of goods which have caused congestion for the last few months tends to help the financing of new shipments in those directions.

... Market Review and Outlook ...
As the week has advanced, owners of stocks have displayed less fear of the effect of railroad disturbance, believing that their interests will be protected even in the event of a strike. Of course the prospect has not been favorable either to railroad securities themselves or to those of equipment companies, and should the rate increase granted last autumn be taken away without a corresponding decrease in wages the outlook would be far from satisfactory. This situation, however, is still to be worked out. With respect to the stock market, the least satisfactory phase of the present condition is the lack of outside purchasing power which leaves short covering as practically the only influence to sustain values. Fortunately the general public are not overburdened with stocks and as money is now easily obtainable there is nothing to suggest renewed liquidation on an extended scale. Later this will pave the way for another upward movement is but without special influence now.

EAST END NEWS

The Parent Teacher Association of Lincoln School met in their first session for this school year on the second Friday in October at the call of the vice president, Mrs. Amanda Evans. Many parents and all the teachers responded to the call and an interesting and profitable session was held. Plans looking forward to the equipping and beautifying of the new building were discussed together with the usual plans of the winter relief work. The following officers were elected for the ensuing year, President, Mrs. Carrie Singer; vice-president, Mrs. Amanda Evans; secretary, Mrs. Ethel Taylor; treasurer, Mrs. Laura Ross.

The above officers with three other patrons to be named later will compose the executive committee. The first effort of the Association will be a Halloween entertainment program, given by the Junior Class of East High School entitled "The Haunted Gates," on Friday evening.

Mrs. Ella Bryant of 124 Lexington avenue, entertained fifteen friends, Tuesday evening at her home for the pleasure of her son and daughter-in-law, Mr. and Mrs. Clarence Bryant of Cincinnati. Dancing was enjoyed and music was furnished by Thomas Brothers orchestra of Springfield. Refreshments were served in three courses.

The Christian Church will have home coming all this week. Monday night Evangelist A. L. Brown will preach. Music furnished by his gospel band. Wednesday night, Rev. Allen of Middle Run, singing by Middle Run choir. Thursday night Rev. Williams of Wilberforce will preach. Singing by the gospel band. Friday night Rev. Locut will preach. The Cedarville congregation will be present. The Cedarville choir will sing. Sunday afternoon Rev. Howe will preach. Third Baptist Choir will sing.

Mrs. Priscilla Baker, East Market Street has been suffering for two weeks with a felon on her hand.

Rev. Frank Liggins, East Market Street, preached in Dayton, Sunday.

DEMPSEY IN NEW FIGHT

BEE PALMER, INTE.

Jack Dempsey, heavyweight champion boxer has taken another role—that of defendant in a suit for the alleged alienation of the affections of Bee Palmer, pretty New York actress. Her husband, Al Siegal, song writer

and actor, has announced that his lawyer has drawn up a summons for Dempsey. It is reported that the amount of the damages is \$100,000. Miss Palmer, well-known exponent of the "Shimmy" is suing her husband for divorce on the grounds of cruelty.

Mrs. Alice Scott and daughter, Mildred of Cincinnati are the guests of Mr. and Mrs. Henry Johnson, of East Main Street, Miss Mildred will enter Wilberforce University as a student.

Mrs. James Scott, nee Mrs. Leftwich of East Main Street, who has been ill for several weeks is somewhat improved.

Mr. and Mrs. James Watt, of east Third street were week end guests of their parents Mr. and Mrs. John Watts of Richmond, Ind.

Mrs. Mollie Booker, East Second Street is among the sick.

Charles Young Camp No. 15 will meet Wednesday evening.

Addison Baber, of Columbus, who was the guest of his family here for several days has returned home.

Mrs. Amanda Porter of East Main Street, who is among the sick, is convalescent.

William Rogers, of Jefferson St., was a Sunday guest in Columbus.

Brunswick

When Three is Company

Three isn't a crowd when the third is a Brunswick, making a happy evening for the two of you with its lovely music.

All the dear old songs which everyone knows and loves, operatic selections, Broadway hits and jazz — The Brunswick plays them all with perfect tone and feeling.

You listen to a glorious high "C" without a hint of the metallic. No instrumental record is marred by vibration. The voice, violin or piano, each is reproduced perfectly.

As for dance music — joyous jazz — Brunswick Super-Feature records and

instrument combine for the perfection of sound and rhythm. These records are as remarkable as The Brunswick Phonograph.

A type and price to suit

Brunswick Phonographs are made in great variety. You will find the satisfactory style at the right price. Our convenient payment plan is the final convenience.

Your father will gladly buy a Brunswick for you when you explain all these features. The musicians' phonograph — the price you want to pay — convenient payment plan.

NURSE TALKS TO WOMEN OF CITY

Prominent Ohio Medical Woman Highly Recommends Peppen to the Public.

Mrs. Harriet Collins, of 1172 East Rich street, Columbus, Ohio, is a prominent nurse at the Capital City. Because of the nature of her calling and her knowledge of medicinal preparations, what she has to say about Peppen is especially valuable.

"I know of scores of cases of stomach trouble, nervousness, constipation and other ills here in Columbus that have been relieved by Peppen," says Mrs. Collins. "The remarkable thing is that in most of these cases other medicines had failed to produce the slightest results."

"In my own case, Peppen proved to be very unusual. I was busy nursing a patient and finally contracted the disease. I became very sick. At times I didn't know whether I would ever get well. However, the fever left my body after the disease had run its course and I was able to leave my bed. But I was very weak and, as time went on, I didn't gain strength."

"Besides being weak, every particle of food I ate soured on my stomach. I lost weight until I looked like a mere shadow of my former self."

"One day I stopped at a drug store and the proprietor said, 'Mrs. Collins, why don't you try Peppen. We are selling a large quantity of it and from the reports we are receiving it must be a very powerful tonic. Everybody speaks well of it.'"

"I started taking Peppen. I have gained 15 pounds. I am now strong and well and am able to be in attendance on a long case and not feel unusually tired when I am dismissed."

Peppen is a new system tonic which is now being specially introduced at Sayre & Hemphill's.

NUXATED IRON

Helps make rich red blood and revitalize weak nerves

WEAK NERVES AND THIN BLOOD

RUIN HEALTH OF THOUSANDS WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood.

There are 30,000,000,000 red blood corpuscles in your blood and each one must have iron. Without iron your blood also loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of good—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind.

If you are not strong or well you owe it to yourself to make the following test: See how long you can walk or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach, because it is organic iron like the iron in your blood and like the iron in spinach, lentils, and apples and not metallic iron which people usually take. Your money will be refunded by the manufacturers if you do not obtain satisfactory results. Beware of substitutes. Look for the letters "Nuxated" on every package and the letters N-I on every tablet. Sold by all druggists.

Make Them All Banner Bake Days!

Don't have success with your baking today and failure tomorrow. Have perfect economical results every time you bake—you can do it if you use

CALUMET BAKING POWDER

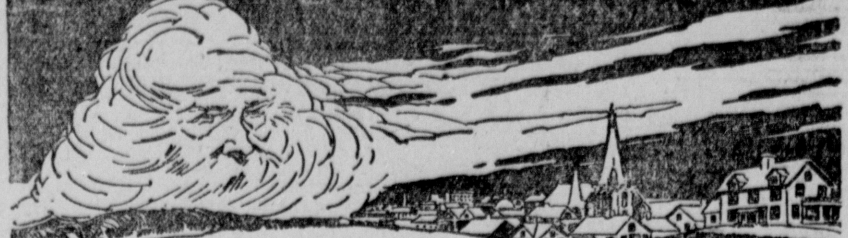

If it were not pure — most dependable — most economical, it would not be the world's biggest selling brand today.

No human hands ever touch Calumet — it is made in the largest and most sanitary baking powder factories on earth.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

WINTER is COMING GET YOUR CALORIC NOW!

Solve the problem of high-priced fuel by installing the scientific fuel-saving Caloric Pipeless Furnace.

Gives you summer warmth (70 degrees guaranteed) in every room in coldest weather—cuts fuel bills $\frac{1}{2}$ to $\frac{1}{3}$.

The Caloric is the original pipeless furnace triple-casing patent, No. 1,346,801. This exclusive Caloric feature makes pipeless heating successful—and imitators dare not copy it.

The Caloric heats homes of 18 rooms or less through one register. Costs less than stoves to heat same space. No expensive installations, no plumbing—no pipes to freeze.

Made by largest manufacturer of warm-air furnaces in world. Over 125,000 users, many in this community.

FRANK B. SCOTT

30 W. Main St

PASTOR'S OF FOUR STATES UNITED IN THEIR PRAISE

Four Ministers Though From Different Parts of the Country, Have the Same Attitude With Regard to Nerv-Worth. They Write Letters Recommending it, and These Letters Offer Indisputable Evidence.

Nerv-Worth gives real results and is a real medicine. It does not act as a mere stimulant, nor depends upon alcoholic stimulation to produce results. The ministers whose letters are reproduced below have tested Nerv-Worth, and found that it is really a preparation of highest merit, and because they know that it gives results, and has real medicinal value, they recommend it to others. Nothing could be more convincing than a group of statements from gentlemen of the cloth. Read what they say:

Rev. John T. Hickman, Salem, W. Va.

"I take pleasure in saying that as a general tonic Nerv-Worth is the best I have ever used. I now sleep more soundly, my appetite is better, and my stomach is in better condition than for years before. I am almost ashamed to tell, but in fact I can eat anything and everything. I am no longer bothered with fluttering of the heart. I am thankful for Nerv-Worth for the benefits I have received from it."

Rev. Mr. Tate, Pontiac Ave., Dayton, Ohio.

"For five years I was in a very nervous condition," said Rev. Tate. "I couldn't find any relief, it seemed, until I took a bottle of Nerv-Worth. I didn't have any nerve force to digest my food, I could eat only a few things. I was advised by my doctors not to eat any cold lunches. Gas would form on my stomach, and cause terrible bloating, my blood was also in very bad condition, and my circulation poor. My legs would get cold and cause a fluttering of the heart. In get the same way, I am now nervous no more, and I can eat anything any time. My stomach and digestion are in fine condition. I have no more bloating, my circulation is good and there is no numbness and cold feeling in my legs and hands. I am feeling fine, and have regained my health and vigor. Nerv-Worth changed everything."

Rev. H. Malone, Meadville, Pa.

"I was in a terribly run-down condition, had no appetite, and couldn't sleep. I was very nervous, and my

stomach was bad. Gas would form and cause a fluttering of the heart. In fact, I was almost all in. After taking one bottle of Nerv-Worth, I changed, and after taking the second bottle, I can cheerfully say I feel fine. As to my appetite, I am almost ashamed to tell, but in fact I can eat anything and everything. I am no longer bothered with fluttering of the heart. I am thankful for Nerv-Worth for the benefits I have received from it."

Rev. John T. Hickman, Salem, W. Va.

"I have used Nerv-Worth in my family with the result that I am willing to give this testimonial, believing it will help the suffering wherever it is possible for Nerv-Worth to reach the case," said Rev. Jenkins. "I am doing this for the good of others, and in giving this testimonial to the effectiveness of Nerv-Worth, I have not been influenced by any argument for Nerv-Worth doing what it claims. I am, in truth, as far as I can discern, speaking of the properties of Nerv-Worth."

Nerv-Worth does not contain any artificial stimulation to deceive the user. It acts in a sensible way through real medicinal value to give the desired results. Nothing could be more convincing than the letters from the ministers above. If you suffer, try Nerv-Worth. Give it a trial, and you will find that it will give you results. It is sold by Sayre & Hemphill and all leading druggists everywhere. Buy one bottle, use it according to directions, and if you do not feel that it is helping you, do not buy a second bottle, but ask for your money back. Nerv-Worth is now \$1.00 per bottle.

P. R. R. INSPECTION PARTY WILL SPEND NIGHT IN XENIA

General Manager I. W. Geer, St. Louis, of the Pennsylvania railroad and his staff, on the annual track inspection over the entire system, will spend Tuesday night in their private cars on a siding along North Detroit street. It was announced by officials here Tuesday.

The General Manager and other officials on the annual inspection tour, will inspect track in this city, and after spending Tuesday night here, will continue on their inspection, Wednesday morning. Mr. Geer will be accompanied on the inspection trip by the superintendents of each division, the general superintendents of each grand division, the division engineers and track supervisors.

Prizes are awarded by the company annually for the best section of track on each sub-division and for the best subdivision in each division. Track foremen, and the subdivision supervisors are awarded the prizes by the company, following the annual inspection and the judging of the best districts.

The annual inspection keeps up the high standard of general track repair and condition. It is said, many foremen and supervisors competing with each, yearly, in an attempt to make their particular stretch of track look the best in the entire section.

of last Summer. Often it now adopts the wide flowing sleeve which proved to be one of the most radical features of the new mode. But however it may alter its appearance, the chemise frock remains unique for its trim lines and supple shimmings.

In the model illustrated above it takes on an Egyptian character in the wonderful blending of dull blue and faded red cire braid which creates the border from neck to hem, forms the girdle, slight as it is. These colors blend beautifully with the background of golden tan broadcloth, and the bands of yellowish fitch fur. A more sober version of the same model for school or office service may be created in navy serge, with black cire braid, combined with red or royal blue.

TODAY'S TALKS

In Lecky's "Map of Life" I found this sentence: "Pleasure is a jewel which will only retain its lustre when it is in a setting of work, and a vacation life is one of the worst of pains, though the islands of leisure that stud a crowded, well-occupied life may be among the things to which we back with the greatest delight."

There is something very forbidding about a vacant lot, a vacant room—or a vacant mind.

The vacant house deteriorates. The machine that is left idle attracts rust and decay. Only used things last.

Filled things and places are in themselves suggestions of readiness and service.

But vacancy of life is seeped with trouble and tragedy. Go where you will and you will find it eating away the good from the soul of him who has it—and at the same time, spreading its tentacles to reach other lives.

Work, on the other hand, is a stimulant and the more work you do, the more you will want to do. Each day will seem all too short, and life itself so very brief in which to get done the tasks most desired.

We all drift a great deal. And the further we get from our original aims and intentions, the more does our incentive lag and stagnate. And with incentive and interest gone, vacancy takes control.

Achievement comes only through attempting. If we do nothing but

Styles BY LENORE

It will take more than this season alone with all its innovations in skirts and tighter waistlines, to entirely

suppress the chemise frock. Now and again it bobs up in various collections of the smart shops, elaborated sometimes and pleated panels or cascading points, a close cousin to the styles

WINNING FOOTBALL TEAM ADVERTISES CITY SAYS COACH

"A winning football team is the best of advertising for any city." This is the opinion of Coach Jerry L. Katherman of the Central High school eleven, who has produced five victories without a single defeat so far this season.

And Katherman claims he knows of what he speaks. A visit to Columbus last Saturday clinched his opinion on the above statement. And it all came about when ten or fifteen different friends of the mentor in Columbus, remarked about the winning combination that Katherman has produced here.

The wide swathe that is being cut in south central Ohio football circles by the blue and white combination has caused the fame of the locals to spread far and wide. Part of this is due to the team victories and part to the fact that Watherman is a good publicity man for the team. No matter where he happens to be after the game, he sees to it that all city papers not represented by a local correspondent, are advised of the result. The result is that high school teams and fans all over this part of the state are turning their eyes toward Xenia this season.

ELKS BOOK SERIES OF MUSICALS FOR XENIA THIS FALL

The five-number series of musical attractions offered by the Century Festival Bureau of Chicago, has been booked for this city, by the entertainment committee of Xenia Lodge, No. 667 B. P. O. E.

The series will be presented at the Opera House, with the first number scheduled for a week from Friday night, and with one to be given each month after that. Tickets are now being sold by members of the Elks that are good for the season.

The Century Festival Series includes the Festival Entertainers, a trio which presents old-fashioned songs in costume with minstrel harp accompaniment. The Kenilworth Glee club is composed of four women vocalists and instrumentalists and features a series of vocal instrumental numbers including a number of song hits of fifteen or twenty years ago.

The Festival orchestra is a six-member company, which not only offers a variety of instrumental selections but includes singing in its repertoire. The Chicago Concert Players, gives a great variety of songs from the lighter numbers and the humorous and popular to sacred and classic music. The Normandy Singers offer a group of solos and choruses from "The Chimes of Normandy" for which they are best known, besides a number of the "Songs of the Year." The company includes four men.

IT'S A GRAND OLD REMEDY

You can't keep strong and well without sleep. Whether your rest is broken by a painful hacking cough or just an annoying tickling in the throat, the system becomes weakened and rundown. Mrs. K. D. Drake, Childs, Md., writes: "After an attack of the 'flu' I was left with a severe cough. Nothing relieved me till I used Foleys Honey and Tar, which I can highly recommend." It covers irritated membranes with a healing and soothing coating, loosens phlegm and clears air passages. Sayre & Hemphill.

ANOTHER XENIA CASE

Just another report of a case in Xenia. Another typical case. Kidney ailments relieved in Xenia with Doan's Kidney Pills.

E. L. Richards, prop. barber shop, 514 W. Second St., Xenia, says: "A short time ago I began using Doan's Kidney Pills to relieve me of the terrible misery in my back. My back was sore and ached constantly and there seemed to be a heavy throbbing through it. Mornings my back and shoulders were so lame and stiff I could hardly get out of bed. When I stooped over I had sharp pains through my back. My kidneys were irregular in action and at night I had to get up several times to pass the kidney secretions, which were scalding and highly colored. Doan's Kidney Pills were highly recommended so I got some. Several boxes relieved me of those sharp pains in my back and my kidneys became normal."

60c. at all dealers. Foster-Milburn Co., Mrs., Buffalo, N. Y.

CUTICURA HEALS ECZEMA ON BABY

In Rash, Burned and Itched. Was Fretful and Cried at Night. Face Disfigured.

"When baby was six weeks old eczema broke out on his cheek in a watery rash and gradually spread until the whole cheek became a burning, itching eruption. It irritated so he would rub his face. His face was disfigured and he was fretful, waking and crying at night."

"The trouble lasted about ten weeks. The doctor recommended Cuticura Soap and Ointment and after using six cakes of Soap and one box of Ointment he was healed." (Signed) Mrs. Fred Hargreaves, 108 Winchester Ave., Detroit, Mich.

For every purpose of the toilet and bath, Cuticura Soap, Ointment and Talcum are wonderfully good.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden 48, Mass." Sold everywhere. Soap 25c. Ointment 50c. Talcum 25c. Cuticura Soap at 10c without mail.

TEN XENIA WOMEN ATTEND INSTITUTE

Ten Xenia women attended the missionary institute of Miami Classis which was held at the First Reformed church, Dayton, Monday. Interesting speakers who addressed the gathering were, Mrs. Siegel, a missionary on furlough from Japan, and Mrs. Weller of Frederick, Md.

The local women attending the institute were: Mrs. H. H. Eavey, Mrs. E. W. Middleton, Mrs. Charles McPherson, Miss Lena Hetzel, Miss Imo Marshall, Miss Anna Schmidt, Mrs. H. E. Schmidt, Mrs. Newton Ledbetter, Mrs. George Page and Mrs. A. Moser.

MEMBERS TO DO WORK

St. Clairsville, Oct. 25—Members will do the construction work in connection with the erection of a new church for the local Methodist Episcopal congregation. The congregation voted in favor of spending \$75,000 for the new edifice.

Stomach Weak?

Strengthen your stomach and banish indigestion; Mi-o-O-Na is guaranteed by Sayre & Hemphill to do it or money back.

Efficient Housekeeping

Constant reader: "Please give a recipe in your column for Apple-on-a-Stick. I would also like to know what is used for coloring cake icings pink—and what I could use to color the coating of the apples pink, too."

Answer: Vegetable coloring paste is used to color both the icing and the coating of Apple-on-a-Stick. But a very pretty crust-strawberry colored icing may be obtained by using grape jelly in the following way: Put 2 tablespoons of grape jelly in a bowl, beat well and add 1 teaspoon vanilla. Mix and stir in 1 cup confectioners' sugar. This will ice 6 cup cakes. You could use crab apple jelly in the same way. Confectioners coat their apples with the following recipe: Apple-on-a-Stick with Glucose: Choose firm ripe apples and put a four-inch-long stick in each one. Boil together 3 pounds of brown sugar, 1 pint of water and 1 teaspoon of glucose until the sirup is quite brittle when a little of it is dropped into a cup of cold water. Then add 1 teaspoon of lemon extract and dip the apples in it. Lay them on a buttered plate and remove before they are quite cold. If you could get a little glucose from your neighborhood confectioner, this would be a good recipe to use. Tomorrow's column will have a recipe for a coating without glucose in it.

Mrs. S.: "My husband is making me a cretonne layette box and I would like to know if there is any perfume which will keep away moth that I could put between the cretonne and lining."

Answer: Use powdered orris or sandal wood. While these are not guaranteed moth repellents it is, nevertheless, a fact that moths rarely attack fabrics scented by these perfumes. I would advise you to use one of them.

Hallowe'en Hostess: "I have my refreshments menu all planned and want a recipe for Egg Kisses, as I think these are dainty and good to serve instead of cake. Will you please publish one?"

Answer: I think the kisses are a fine substitute for cake. To make them beat the whites of 2 eggs stiff, then beat in 1-3 cup of granulated sugar; stir in 1-4 teaspoon vanilla and drop by spoonfuls onto a buttered paper on the inverted bottom of a dripping pan. Bake in a very slow oven for 1 hour. When they will stand gentle pressure with the finger without caving in they are done. You can put two kisses together with a marshmallow filling, if you like—simply melt the marshmallows in the top of a double boiler over simmering water, and color it red with a little red jam.

Anonymous: "Please tell me how to can sweet potatoes."

Answer: To Can Sweet Potatoes: Wash in cold water. Place in a wire basket and dip the basket into boiling water long enough to loosen skins (about 5 to 8 minutes); plunge into cold water a minute, and skin. Then pack the potatoes into glass jars which have been boiled 10 minutes in clear water (you may pack them whole, or cut into slices.) Add 1 teaspoon salt to each jar and fill the jar with boiling water; adjust rubbers and covers, "particularly seal" (that is push the top wire up over the glass cap but do not press down the side one) and boil the jar for 90 minutes under boiling water. Take out and put top wire over cap, thus sealing completely.

CUT THIS OUT—IT IS WORTH MONEY

Cut out this strip, enclose with 5c and mail it to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills for pains in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a whole, some and thoroughly cleansing cathartic for constipation, biliousness, headaches, and sluggish bowels. Sayre & Hemphill.

THE NEW GENERATION

By Jane Phelps

MARGARET IS DISTURBED BECAUSE OF DEAN TENNANT CHAPTER 72.

Away from Joan and thinking of what she had told her, Margaret wondered if that fellow Tennant, the impetuous artist, were a danger to Joan. All her friends and intimates knew that Joan had a little money. It was not much to be sure, but to some of them it might seem quite a fortune—judging from their appearance.

She smiled to herself as she recalled Joan's naive confession about the married man. With her usual good taste she had not mentioned his name neither had her mother asked it. It was enough for Margaret that Joan had dismissed him. She smiled again as she thought of her stopping long enough to tell him he did not "look decayed."

It perhaps added to Margaret's content that she did not know just how Joan had been affected by the debonair comeliness of her married admirer. It was the fact of the man's weakness, his inability to impress Joan with the truth that saved her. He probably was dissipated as well as handsome, and Margaret shivered as she thought of what Joan had escaped.

Margaret urged Joan to invite Mrs. Walters and herself to tea. Hardly had they arrived when Dean Tennant came in whistling gayly. When he saw them the whistling died away, but he was in no sense discomposed. Rather he acted as if he belonged as Janet Walter afterward said.

"And did you notice his linen?" she asked, her aristocratic nose in the air.

"Did I?" Margaret answered a bit desperately. "I always notice it."

Both of the ladies were evidently oblivious however while with Joan, and Margaret tried to draw Dean out. He talked cleverly enough in a grandiose way, much about Socialism, airing his theories with the frankness and egotism of inexperience. Margaret saw that Joan listened when he spoke. Occasionally she interrupted, occasionally disagreed with something he said. But that they were on the best of terms Margaret could not doubt. Dean seemed as much at home as if it were his studio. He assisted Joan over the tea things, and did it as if from practice. He was good looking in a way, and Margaret was more perturbed than she would have cared to own. In consequence she was very affable to him. She knew Joan, and that the way to compel her to take up arms for him was for her, Margaret to either ignore, or act as if she disliked him.

Margaret thought of Joan as she saw her serving tea. She had a certain, way with her an entitling litheness of form, a piquant vivacity of expression an adorable grace of motion, plus an unnamable charm all her own. As a child she had been honest and courageous. Now that she was almost a woman those two qualities shone in her clear blue eyes. Instinctively one trusted Joan Hayden.

Yet Tennant worried Margaret. A fear of him was with her, undeniably instant; telepathic signal of portent that amounted almost to a warning. Was Joan's good sense proof against the fascination and the love-making of this man? Would she see his inefficiency, his lack as she, Margaret saw it. The feeling of uneasiness obsessed her.

"I must displace him by bringing someone more attractive to engage her," she said to herself as she listened to the gay repartee flung back and forth between the two.

Margaret wanted Joan to marry. But she wanted her to marry a man with a personality capable of carrying on with Joan.

"A penny for your thoughts, Mother!" Joan's voice dragged her from her disquieting thoughts.

"I was thinking how well you played the hostess dear," Margaret parried.

"You looked mighty serious about it! But thanks, Mumsie. I appreciate the compliment. Dean says he'd rather have tea here with me than with anyone he knows. But I mistrust it is because I buy better tea." She smiled tantalizingly at the young man.

Margaret rose to go. She felt she couldn't sit quiet any longer with Dean Tennant acting so thoroughly at home. Joan was sweetly grateful for their coming, and told them so in her own inimitably gracious way: a combination of society girl and frank childhood.

"If something doesn't happen to keep that Dean Tennant away I shall go mad!" Margaret told Janet Walters as they taxied home.

NR JUNIORS—Little NRs One-third the regular dose. Made of same ingredients, then candy coated. For children and adults.

SAYRE & HEMPHILL

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During Change of Life I was in bed for 18 months and had good care, but did not improve. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. That was five years ago, and now when I feel run down and nervous I take the Compound and it always does me good. I wish all women would try it during Change of Life, for I know it will do them good."—Mrs. A. KELLER, Afton, Tenn.

Thomas, Okla.—"I first used Lydia E. Pinkham's Vegetable Compound in my girlhood days, by the advice of a friend. At the age of 47 I was troubled with dizziness, hot flashes, and became very weak so that I was unable to do any work. I took Lydia E. Pinkham's Vegetable Compound with the result that I felt better and stronger than I have for years. I have also given it to my three daughters, and always with good results. The Vegetable Compound is certainly grand for the ills of women."—Mrs. J. G. SWAREY, Route B, Thomas, Okla.

Letters like the above do influence women to try
